Formfile Digital Office Smart Payables.

Discover how Formfile Digital Office Smart Payables can streamline the business processes of your accounts payable department.

Formfile Digital Office Smart Payables makes finance departments vastly more efficient. It will increase productivity and reduce cost-per-invoice by eliminating unnecessary, unreliable and expensive manual processing.

Speed, accuracy and transparency.

It's efficient, fast and accurate, you'll know from minute to minute exactly how your organisation is performing. You'll get total control over the process. Liabilities will be instantly visible. Compliance with your guidelines is guaranteed.

Absolute flexibility. Absolute control.

Formfile Digital Office Smart Payables can work with any type of invoice, from e-invoices to paper. Paper invoices are scanned, converted into electronic format, identified as invoices and sent into the payables process.

The benefits of automation.

Because it's an automated process all invoices are validated the same way, regardless of how they're received. Automation occurs in data extraction, routing, posting to the appropriate business application and coding. It will match invoices with purchase orders if you are using them.

Together with Formfile Digital Office Archive, everything is automatically captured and indexed.

Go to formfile.com.au or call 1800 FORMFILE to find out more about how Formfile Digital Office Smart Payables can transform the finance department in your organisation and help you save money, as well as paper.
